

Born and raised in Canada, the Blue Imp brand is proudly made in Canada to this day. Family-owned and operated for four generations, Blue Imp has grown to become Canada's longest-standing manufacturer of playground and park equipment. We continue to fabricate playground equipment and park amenities at our headquarters in Medicine Hat, Alberta.

Designing for Durability & Safety

At Blue Imp, we understand Canada's climate and strive to design products that stand up to weather extremes while offering year-round play value. Because Blue Imp is 100% owned and operated in Canada, you can rest assured that the products you buy meet or exceed all CSA standards and were manufactured under safe and fair working conditions.

Employing Canadians

Blue Imp provides quality jobs for Canadians in a wide range of fields, including design, drafting, fabrication, finishing, quality control, sales, administration, shipping and installation. In addition, Blue Imp's apprenticeship and training opportunities help to develop Canada's workforce.

Reducing Environmental Impact

Because our products are manufactured right here at home, they are closer our customers, which means less transport and lower emissions, both for your initial purchase as well as service and parts in the future.

Building a Stronger Canada

As the engine of the economy, manufacturing creates a multiplier effect that generates wealth and job growth in other sectors. By purchasing Blue Imp products, you are helping to build a stronger Canada. As the founder of Blue Imp wisely said, "What Canada makes, makes Canada!"
